Can you believe it!

Last week someone stole the money out of
Joy's wallet in the backroom!

After 27 years of business this is the
first time anything like this has ever happened...

Then thieves struck again!

This time during the night someone took the large
shed by the back door.

Can you believe it! We store all of our shipping
boxes inside. Needless to say, the parking lot was
littered in boxes and no shed to be found..

Maybe you are wondering why our newsletter is green and celebrates

St. Patrick's Day....

Well the leprechauns got into the computer some-time last week.... It took until today to finally get the newsletter out! We thought you might still like the pattern to stitch for next year..

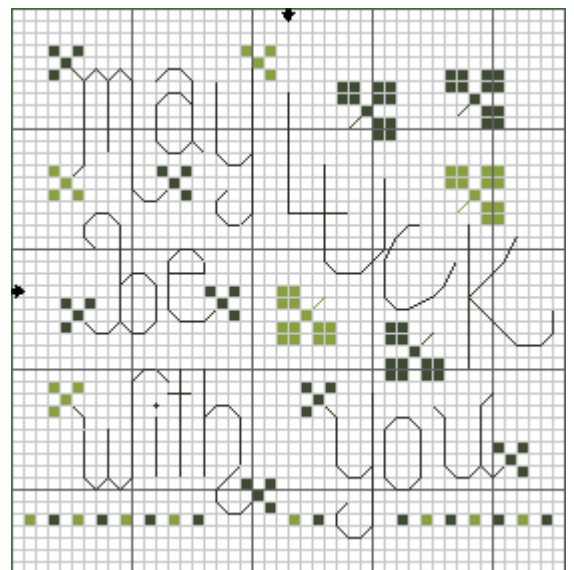

May the

and us too....

This design is stitched in 2 green shades of your choice. The lettering is done in the darker of the 2 shades. It would be wonderful stitched in variegated threads.
