There is a slight error on the chart.

This chart shows how all the flowers in the border on the left should be stitched.

The new **Loose Feathers** program has begun!

This is the first release of three. The cover picture will be the left side of a larger design, yet to be seen, but of course it will be wonderful!

Blackbird is one of our favorites! The first book includes the cover picture with a portion of the alphabet, a partridge sewing box, and a framed floral, titled woodland berries.

I can't wait to see the next two.

Release dates are set for September and November

Sign Up Now at the shop and we will call you as soon as they arrive!
